Specialization total: 12 units

Specialization Cost

Application fee	\$50
Estimated cost of courses	\$2,175
Estimated textbooks and materials	\$150
Estimated Total Costs	\$2,375

Trees provide shade, food, habitat, and clean our air. Selecting and caring for trees is the study of arboriculture.

Trees have immense economic, environmental, and community benefits. The Arboriculture Specialization informs students of these benefits and introduces them to the proper care and management of trees.

- *Students can begin the program any quarter*
